

THE DANCE MATRIX PHILOSOPHY

RESPECT – Everyone deserves to be respected, your instructors and your fellow dancers, this means listening when the instructors are talking and being quiet when someone else is asking a question.

KINDNESS – Be kind to your fellow dancers, be inclusive not exclusive, not everyone learns everything the same way; some dancers are better at one thing but not as good at another.

SHARING – Share what we have to offer with each other, if you know that another dancer is struggling with something and you know how to do it, help them get better during your breaks.

FRIENDSHIP – Make friends, it is easy to do when you treat other people kindly and with respect.

FAIRNESS – Play fair, no fighting, cheating or tattling.

ATTITUDE – Start every class with a “can do” attitude.

FUN – This is one of the most important things to remember, we are here to have fun while we learn to dance.

Dance Camps at The Dance Matrix are intended to provide children and youth ages 6+ years old with a unique alternative to regular daycare or other typical camp programs. These camps incorporate a variety of different dance styles into a theme. The children will receive 15+ hours of dance instruction weekly that includes elements of jazz, ballet, hip hop/tap and acrobatics set to a musical theme. The program is rounded out with set/costume making, games, arts and crafts. At the end of the two week session there will be a Showcase for the friends and families of the participants. The camp runs from 9am - 4pm daily. For those parents requiring before and after care, this is available in the mornings beginning at 7:30am and after the camp until 5:30pm for an additional fee.

Previous dance experience is not necessary.
